- Agricultural policies eligible for Synchro and FADOQ, LibrEspace™ benefits
- Experienced Loss Prevention team to help identify and minimize business risks
- Flexible payment options
- 24/7 claims service
- Access to e-policies via eDoc Solutions

## Farm Insurance

Whether your customers have small or large operations, Intact Insurance has a comprehensive suite of coverage for all types of farms.

Our Farm Insurance policy provides the coverage your customers need for the production, processing and distribution of agricultural products. Coverage is also available for outbuildings, machinery, livestock, produce, business interruption, liability, limited pollution, equipment breakdown and other items related to farm insurance.

Our regional underwriters work with the Farm team to package an all-encompassing solution that incorporates not only farming operations, but related business ventures as well. This package insures all aspects of your customer's farming business and it covers their personal home and personal liability. Intact Insurance also offers coverage for personal and farm vehicles.

### We provide insurance solutions for the following farming operations:

- Cash crops, including work, storage and minor spraying for others
- Fruit and vegetables including pick-your-own and u-pick
- Dairy
- Poultry
- Beef, sheep and other animals
- Horses (own use, training tracks and boarding)
- Hog
- Hobby farms
- Wineries
- Maple syrup, including sugar shacks and tours
- Nurseries with limited greenhouse exposure

## Farm Extension Endorsement

Enhance your customer's coverage by adding the Farm Extension endorsement, a comprehensive list of extension coverages for all types of farming operations, including:

- Catch all Clause
- Property of Others
- Extra Expense
- Land and Water Pollution Clean Up Expenses
- Peak Season Increase
- Technological or Environmental Improvements
