Coverage solutions for a growing industry

Vertical Farm insurance by Intact Insurance is a leading solution that is available nationally, to farmers specializing in this emerging industry.

Highlights:

- Coverage for operations located in industrial parks* or on farmlands.
- Coverage for the building, building equipment and farm equipment.
- Coverage for the fruits/vegetables/herbs while growing.
- Loss prevention team with infrared technology, to help identify and minimize business risks.
- Harmonized underwriting appetite for vertical farms across Canada.

*Vertical farms can be in industrial parks if other tenants are an acceptable class to Intact Insurance.

Appetite

Coverage is available for customers with vertical farming operations that produce fruits, vegetables, and herbs using *aeroponic* or *hydroponic* growing practices.

Intact Insurance does not offer coverage for vertical farms growing cannabis or using aquaponics, nor is coverage available for greenhouses.

The Intact Advantage

Intact Insurance is Canada's largest home, auto and business insurance company protecting over four million customers. Our coast-to-coast presence, along with our strong relationship with insurance brokers, means we can provide the outstanding service, comfort and continuity customers deserve.
