

Equipment Breakdown MAX

Essential coverage to keep your business running

Equipment Breakdown insurance is a key coverage for most business customers - not just large manufacturing and processing risks.

Businesses of any size need to protect vital equipment from breakdown, a risk not covered in standard commercial property insurance wordings.

Equipment Breakdown MAX provides a complete solution to protect this equipment, and the resulting impact to business operations.

A convenient, all-in-one solution

What equipment is covered?

Businesses have many key pieces of equipment. These **include, but are not limited to:**

Who is the Equipment Breakdown MAX for?

The Equipment Breakdown MAX is intended for **non-manufacturing or processing risks** such as:

And many more!

Key Equipment Breakdown MAX benefits
